Technical rider for John Morello and the one man show "Dirt."

1. Auditorium type stage and seating. Gymnasiums often present acoustic problems.
2. Power supply and/or extension cord on stage.
3. Decent PA system and one Microphone input or auxiliary input on stage close proximity to stage area.
4. Desk or small table on stage.
5. Three chairs.
6. Bottled water.
7. If possible, house lights should be dimmed and stage lights used.
8. Prompt seating and start of performance.
9. Guidance and student assistance counselors should be prepared to follow up with students after the performance.
10. The show lasts one hour and there should be some extra time for processing or Q & A.
11. John does not require help from students or staff for the loading and unloading of the show.
12. John will visit any classroom or students if asked in advance and schedule permits.
